Where We Are & Where Can We Go

Join the Housing for Health Partnership for our biannual Continuum of Care (CoC) Community Meeting on shelter in Santa Cruz County.

Expanding shelter capacity is a frequently expressed community priority, but understanding how shelter fits into our overall response to homelessness means looking at more than the number of beds available. What types of shelter do we have? Who do they serve, how do people access them, what do they cost, and how effective are they in helping people move toward long-term housing stability?

Join us to learn, share perspectives, and explore how shelter fits into the broader response to homelessness.

LEARN. SHARE. HELP SHAPE WHAT'S NEXT.

Community members, service providers, local organizations, and public agencies are welcome.
